At Toth Painting Solutions, our philosophy has always been to “bring customer service to the painting industry”. With that in mind, we have put our clients’ relationships above all. This has solidified not only our growth and sustainability as a company, but has helped other companies and individuals succeed and develop, while maintaining strong roots in the community in which we reside. We are constantly exploring and developing new ways in which we can exceed our customers’ expectations and give back.

Toth Painting Solutions is a Cleveland based residential, commercial and industrial painting company. We have maintained a consistent yearly growth in revenues since our start with employees in 2000. We have the resources to successfully complete projects of different types and sizes, from a home or storefront, up to thousands of square feet of warehouse space. We also offer a wide array of services including painting and staining, interior and exterior.

For more information or a personal appointment please call our owner, Kristopher Toth, direct at (216)402-5071 or email [ktoth@tothpainting.com](mailto:ktoth@tothpainting.com).
